

statement by the State or parent organization that the applicant is a local nonprofit affiliate.

(i) If a State or local government contributes its own funds in excess of those funds required by a matching or grant agreement to supplement Department-supported activities, the State or local government has the option to segregate those additional funds or commingle them with the Federal award funds. If the funds are commingled, the provisions of this section shall apply to all of the commingled funds in the same manner, and to the same extent, as the provisions apply to the Federal funds. With respect to matching funds, the provisions of this section apply irrespective of whether such funds are commingled with Federal funds or segregated.

(j) To the extent otherwise permitted by Federal law, the restrictions on inherently religious activities set forth in this section do not apply where Department funds are provided to religious organizations as a result of a genuine and independent private choice of a beneficiary or through other indirect funding mechanisms, provided the religious organizations otherwise satisfy the requirements of the program. A religious organization may receive such funds as the result of a beneficiary's genuine and independent choice if, for example, a beneficiary redeems a voucher, coupon, or certificate, allowing the beneficiary to direct where funds are to be paid, or through a similar funding mechanism provided to that beneficiary and designed to give that beneficiary a choice among providers.
